## Hamlin Livestock Exhibit To Be Much Larger In 1940

Everybody seemed to have a good time in Hamlin last Saturday. It was a pretty day, the air just bracing enough to make one feel good, and what a crowd!

Beginning as early as comfortable, the High School Band gave concerts on the public streets and other attractions held the people in expectancy.

The stock show was even better than was expected. The fat calves were the center of attraction, and next came the many pens of fine hogs and sheep.

So well did everybody enjoy the day it was an inspiration for a bigger and wider show in the early spring of 1940. The show place was ideal too, plenty of sheds, close in, a hard clean lot, right by the side of an office where a hot stove kept anybody comfortably who was inclined to be cold or chilly.

The Woman's Literary Club had a very attractive display of art, and relics, both modern and antique. In an adjoining room a moving picture of Hamlin was shown a number of times. This picture was the one prepared by the Chamber of Commerce for the Centennial at Fort Worth in 1936. It was proof that things look better and more natural in colors on the screen. Anybody in the future desiring to see this Hamlin Community picture can do so by stopping at the West Texas Chamber of Commerce building in Abilene. They will be glad to show it.

The talk in town Saturday was that in 1940 the Community Livestock Show can be enlarged far beyond what it was this year. The F. F. A. Boys will number more next year, and they will likely have a larger variety of stock. Besides the boys, ranchmen are expressing themselves that they would like to show some of their fine bulls and cows. Next year prizes will be offered, likely on horses, poultry, birds, maybe dogs and cats. All of these things are hobbies for somebody.

Why not have a Baby Show too?

### NOTICE THE PRIZE WINNERS

Exhibitors shared approximately \$136 in premiums provided by the Chamber of Commerce and city merchants. M. B. Templeton, vocational agriculture teacher, was in charge of the show.

### SHILLINGBURG, ROENSCH JUDGES

F. C. Shillingburg, Colorado agriculture teacher, was judge and was assisted in placing hogs and sheep by T. H. Roensch, Fisher county agricultural agent.

Visiting county agents and agriculture teachers were guests of Mr. and Mrs. Templeton at a noon luncheon at the Morgan Hotel.

Lewis Tidwell showed a Hampshire barrow to the grand-championship in that division. Jack Vaughan's Berkshire gilt was the champion of the breeding class in hogs.

Results follow:

Heavyweight milk-fed calves — first, Robbie Gill; second, Brookie Pitcock; third, Hilton Fields.

Lightweight milk-fed calves — first, J. E. Walton Jr.; second, W. L. Hunter; third, Jack Maberry.

Lightweight barrows—first, and second, Lewis Tidwell; third, Redman Switzer.

The Woman's division, sponsored by the Woman's Literary Club, was divided into three classes, handicraft, creative art and hobby collections.

In the handicraft class, Mrs. W. T. Cherry won first prize with a hooked rug; Mrs. R. E. Johnson was second with an afghan; and Mrs. R.

Fancher was awarded third place for a bed spread. Honorable mention went to Mrs. E. O. Davis, Mrs. A. E. Pardue and Mrs. Arch Boyd.

Mrs. J. Henry Littleton headed the list of winners in the creative arts group, taking first prize for an oil painting. Mrs. R. J. Robertson was second with a wood carving; and Mrs. C. C. Reed won third with a ship model. Honorable mention went to Sam Adkins, Zelma Wilson and Mrs. Littleton.

Wilson Norman won first place in the hobby class with his coin collection, while Mrs. M. T. Hudson was second with an antique coverlet; and Bill Douglas was awarded third place for a decorated walking cane. Mrs. A. A. Hackley, Mrs. Butcher and J. J. Waggoner were given honorable mention.

Among the oldest articles displayed was a table more than 250 years old, owned by Mr. and Mrs. S. D. McMahon.

### MISS COHORN EXPRESSES

#### FAREWELL TO HER FRIENDS

I am leaving this week for my new home in Iowa and I am taking this method of thanking my many friends in Hamlin and community for their kindness and loyalty to me in the past years. I shall always remember each of you and hope you will not forget me.

MYRTLE LEE COHORN.

NOTE: In explanation of the above the Herald calls your attention to a short local item in last week's issue that attempted to tell that Miss Cohorn was leaving. It gave everything except her name and that omission came about in correcting a line. The wrong line was pulled out. Miss Cohorn is the pioneer Hamlin girl nurse and during the years she has proven efficient and kind to her patients. She goes to Council Bluffs, Iowa to take a position in the Mercy Hospital as surgery supervisor. This is a nice promotion for her. She will be only about 60 miles from Lincoln, Nebraska where another Boyd Chapel girls, Miss Pauline Young has a fine position in a hospital.

### FORMER CZECHOSLOVAKIAN DIED ON HIS FARM SATURDAY

Frank Matecha, who came to the United States from Czechoslovakia in 1906, died of a heart attack last Saturday afternoon at his farm home between Hamlin and Tuxedo.

Frank Matecha was born in 1861, but relatives did not know the date. He and his wife were to have celebrated their golden wedding anniversary this month, but neither recall the exact date.

Funeral services were held at 2 o'clock Sunday afternoon in the Fairview church, south of Tuxedo, by the Rev. H. S. Hinson, pastor of the Swenson Avenue Baptist Church in Stamford. Burial was in the Fairview cemetery directed by Kinney funeral home, of Stamford.

Survivors are the wife, Mrs. Mary Matecha; three sons, Joe Matecha of Tuxedo and Rudolph and Frank Matecha Jr., both of Hamlin; one daughter, Mrs. Mary Newman of Tuxedo; and 10 grandchildren.

### WAGGONER DRUG INSTALLS BEAUTIFUL NEON LIGHT

For many years, maybe not years but at least a great while, Hamlin people have wondered just why the Neon Light fad had not struck this city except on a limited scale. But Neon lights are coming. Just the past week the Waggoner Drug Company erected one of the larger Neon lights in town. It is a beautiful thing of art and adds a lot to Hamlin's "light line."

Every one will agree that Hamlin should be better lighted. It makes all the difference between a bright street and a darkened dull one. Congratulations, Mr. Waggoner.

Mr. and Mrs. Delma Shelburne and Mr. and Mrs. Henry Albritton went to Ralls Sunday to visit Mr. and Mrs. Frank Page and to Lubbock to visit Mr. and Mrs. Paul White.

Mr. Arlie Cassle went to Waco Saturday to visit relatives. Mrs. Cassle who had been visiting her parents for a week, returned home with him.

Clifford Reynolds Jr., a student in the University of Texas, spent the week end here with his parents, Mr. and Mrs. Clifford Reynolds.

## IT HAPPENS THAT WAY...

Strange things do happen sometimes, believe it or not.

Noticed the other day (in the paper) where a man and his wife were traveling along, the wife asleep in the back seat. They stopped in Abilene at a service station. The man had the car serviced and stepped into the "rest room" and about that time the man came out and being in a hurry, he got into his car and pulled out. The wife came out and when she saw her car passing out of sight she let out a distressed cry that her husband was leaving her. It happened to him and to her and it could happen to you.

The story goes that officers got the wires hot and the man was stopped near Baird. The officers told him he had left his wife in Abilene, whereupon he replied "why, she's asleep in the back seat... Humbly begging pardon for their trouble he whirled his car and retrieved his lost wife right where he left her.

XX

Here is another:

Over in Alabama in the Turnerville community there is a school house that needed a new roof. A contractor got the job and later started out to locate the Turnerville community. He found it and also found the school house. He put the roof on and later found that he had roofed the wrong house. He put the roof on the Oak Grove school house in the Turnerville community but not on the Turnerville school house in some other community. Strange things can happen.

### "IT IS MY HOME TOWN"

"My town has the right to my civic loyalty. It supports me and I should support it. My town wants my citizenship, not my partisanship; my friendliness, not my dissension; my sympathy, not my criticism; my intelligence, not my indifference. "It has some things that are better than others; the best things I should seek to make better; the worst things I should help to suppress. Take it all-in-all, it is my town, and it is entitled to the best there is in me."

An Arkansas woman advertised for a husband. She got one at the cost of \$8.00.

He enlisted in the army and was killed. She got \$3,000 insurance and a widow's pension for the rest of her life.

## SENIOR ENJOY SKATING PARTY

Tuesday night, Feb. 14, the Senior class had a skating party. The session lasted from 10:00 until 11:30 o'clock.

At ten o'clock you should have been there to see the Seniors and their guests take charge of the rink. There was an extremely large crowd. The Senior class has some unusual skaters but the spotlights were turned on one of the guests, Mr. Sunderman, who entertained the crowd with his daring skating (part of the time on his skates).

After an hour and a half of skating and hilarious laughter the crowd departed happy, but well bruised.

## FSA TO BUILD NEW HOME FOR FARM OWNER

ABILENE, Feb. 16 — Immediate construction of a home in Taylor County for a family the Farm Security Administration is assisting to become a farm owner was announced here by Clarence Symes, county FSA supervisor.

Lumber and other building materials for the dwelling will be bought locally and local carpenters will do the work, Mr. Symes said. The house is to be four or five-room and of substantial construction. The contract will be let by sealed bid, and information may be had at his office here.

The family for whom the home is intended was selected from a large number of tenant applicants to become a farm owner under provision of the Bankhead-Jones act. The farmer picked out his own farm, which was appraised both by local volunteer committees and by technical appraisers before the loan was made.

The farm may be paid for over a period of 40 years at three per cent interest. The new home was needed so that the family can move on the farm in time to make a crop this year.

"How did you make your neighbor keep his hens in his own yard?" "One night I hid half-a-dozen eggs under a bush in my garden, and next day I let him see me gather them. I wasn't bothered after that."

BUCKLEY'S MIXTURE certainly makes short work of relieving those stubborn old hang-on coughs and colds that other cough remedies fail to budge, according to Mr. H. A. Allen.  
Mr. Allen says: "For years I suffered every winter with a terrible cough. I have had many sleepless nights and coughed until tears ran, and my stomach ached. I started again with the same old cough this year—but after a few doses of BUCKLEY'S MIXTURE my cough was gone." You can't go wrong on BUCKLEY'S—by far the largest-selling cough medicine in all cold Canada. One or two doses and stubborn tough hang-on coughs are often on their way. WASHINGTON  
NEWSFROM CONGRESSMAN  
CLYDE L. GARRETT

**LEGISLATION**—A large amount of important legislation was introduced in Congress the past week. A measure providing reciprocal taxation of Government salaries after Dec. 31, 1938, and prohibition of retroactive taxation of State salaries, was introduced by Chairman Doughton of the House Ways and Means Committee; Senator Capper of Kansas wants an amendment to the Constitution excluding aliens from the count in apportioning State membership in the House of Representatives; a complete report on our relations with Mexico in connection with the expropriation of our oil properties to be made by the State Department, was asked by Representative Kennedy of New York in a resolution; Senator Thomas of Utah wants the Civilian Conservation Corps made permanent.

XX

**FOREIGN PURCHASES OF AMERICAN GOODS**—During 1938 purchases of American goods by foreign buyers were four-fifths as large as in the boom year 1929. From this sale of goods, the Americans realized more than three billion dollars; and about three million jobs for workers in factories, on farms, on railroads and the merchant marine. Goods in heaviest demand were materials, machinery and products that are important in war preparation. While the U. S. sold over three billion dollars to foreign countries, it bought only about two billion dollars' worth of their goods.

XX

**INDUSTRIAL ACTIVITY**—So far, industrial activity and trade are running according to plans and expectations. There will probably be a reduction in the rate of industrial production during the month of February. Some decline has already been shown in automobile and steel output. The chief hope for a strong spring and summer revival still lays in construction. Awards of building permits and contracts are making this more certain.

XX

**LOANS TO BUSINESS**—A bill has been introduced to give authority to national banks to make loans to small business or industry for capital purposes, up to a maximum of \$500,000 to a single borrower. This should bolster recovery. If farmers and home builders can be given special Federal assistance to help them straighten their credit problems, then business should also be given assistance.

XX

**THINK OF PEACE**—Far from being beneficial to the healthy state of mind is the present talk of alliances, armaments, aggression and other war psychology. The attempts to make us hate any foreign nation are not patriotic. We have no reason to have a defense line in the Yangtze or on the Rhine. We should beware of war propaganda and think, instead, in terms of peace. Our first thought now, and always, should be one of peace, not of war.

XX

**BALANCED BUDGET**—In order to bring about a balance in the budget, a man who is an expert on knowledge of Federal Government taxation and spending policies, Roswell Magill, recently Under Secretary of the Treasury, has outlined three methods. First, a 60 per cent increase in taxes; second, a 1-3 reduction in expenditures; and, third, a sufficient increase in the national income. Congress would rather reduce expenditures of the government than to increase taxation. Mr. Magill stated that even with heavy increases in income, estate and gift taxes, it would take about three years to balance a national budget of about seven billion dollar. There is definitely a need for a system of taxation and a control over expenditures that will allow a balance over a cycle of years, leaving an excess of revenue over expenditures to reduce the debt.

## BEVERAGE ALCOHOL AND ITS SOCIAL PERILS

**LESSON TEXT**—Amos 6:1-6; 1 Peter 2:11, 12, 4:1-5.  
**GOLDEN TEXT**—It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth.—Romans 14:21.

"Hazards in the use of alcohol in a machine age"—this is the topic assigned for our lesson today. It is a good one and worthy of the careful thought of every intelligent citizen. With automobiles alone killing over a hundred persons a day, and the obvious connection between alcohol and death on the highway, we might say much about the folly of trying to cut down traffic accidents while we are licensing more and more "taverns" along the road to fill the drivers with the destructive stuff.

There is much that might be said about the social havoc that is being wrought by alcohol. It is bad enough that a man pays 25 cents for a drink, but even worse, that he gives 25 minutes of his life for each indulgence. But the liquor industry covers that up under a mask of festivity, making booze look like a desirable adjunct to congenial and successful living. It does not picture the bleary eye and the babbling tongue of the drinker, nor does it present the broken-hearted mother, the devastated home, the ragged children, and the empty cupboard. Liquor is one of America's major problems. Let us face it.

The Scripture portions assigned for our lesson rightly emphasize fundamentals, the first being a call to awake from a false sense of security, the second emphasizing that this is a spiritual battle, and the third pointing the way of victory as being in holy living.

**I. Foolish Security When Surrounded by Danger** (Amos 6:1-6).  
Surprise attack is always effective. Satan would lull us all to sleep in the assurance that "God's in his heaven—all's well with the world." God is in heaven and it is certain that ultimately He will reign over all, but just now the world is in the hands of the Wicked One (I. John 5:19).

The people of Amos' day, to whom the message was addressed, had come to the point where prosperity had made them at ease when they should have been active, foolishly secure when they should have been sacrificially serving their fellow men who were in need. The picture is astonishingly up-to-date. Today in our own land the Gold Coast and the slums rub elbows, but few of those who have plenty are concerned about those who have not. In the eyes of most people the purpose of gaining possessions is to relieve one from the necessity of work and to enable one to evade life's responsibilities.

America needs to awaken to its dangers, and we repeat that not the least of these is the liquor question. We must either win a victory over it, or it will destroy our people.

**II. Spiritual Warfare—While at Peace with God** (I. Pet. 2:11, 12).

"Fleshly lusts, which war against the soul" (v. 11) are the object of serious concern on the part of every sincere Christian. There is a battle on, and the enemy of our soul knows how to make the abuse of the normal impulses and appetites of man his strong ally. The rush of modern life, the increasing use of stimulants, both natural and artificial, the very luxury in which many live, these things tend to give the flesh and its desires undue prominence, and not infrequently cause even God's children to fall into sin.

We are called to a holy warfare, but that does not mean that we live in a constant turmoil. We are, after all, pilgrims and strangers in this world. Our citizenship is in heaven (Phil. 3:20) though we live on earth. In the heart we have peace, and that enables us to fight a good fight against the world, the flesh, and the devil.

**III. Doing the Will of God in a Self-willed World** (I. Pet. 4:1-5).  
Essentially there are two opposing principles operative in the lives of men—we either are controlled by God's will, or by self-will. The flesh is really man's personality controlled by his own self-will. It results in the kind of life described in verses 2 and 3. When a man becomes a Christian he should move over into the will of God.

Such a man may be regarded as strange, but as a matter of fact, men will recognize his godliness (see I. Pet. 2:12). Dr. Will H. Houghton tells of "a soldier who ultimately was made a Christian believer through seeing his companions make fun of another soldier, who was a believer in Christ. The thing that impressed him was the fact that though they made fun of this man, they left their money in his possession for safekeeping!" Do we have that kind of a testimony?

## HITSON NEWS

(Received too late for last week.)

Hitson is a community six miles northwest of Hamlin, at present. When the Hamlin-Rotan highway is completed it will be about eight minutes from town.

We have two filling stations, grocery stores on the Rotan highway. The station that is wearing the new "coat of paint" is operated by Mr. Maurice Cox. The station on the left, coming from Hamlin, is Mr. and Mrs. R. D. Caldwell's place.

One mile north of the stations you will find the school and church buildings.

The school building has been equipped with a new gutter system. The water supply will be increased.

The school children are getting ready to start their tennis workouts. The net and racquets have been repaired.

The boys and girls played basketball with Pleasant Valley last week. The scores were 23-0 in favor of the Hitson boys. The girls played a winning game with a score of 7 to 2. Pleasant Valley is returning the game Wednesday.

Mr. White, principal of the Swedenia school, brought his soft ball team over to Hitson Tuesday. The Hitson boys won with a score of 15 to 7. Hitson will return the game Friday.

Mr. and Mrs. Lester Hollis took the boys' basket ball team over to Roby Saturday to attend the Rural Boys Basket Ball tournament. They were accompanied by Marshall Haught.

The play, "Under Western Skies," presented by Mr. Hollis' pupils, was a success. There will be another play, "Aunt Billie from Texas," on the 24th of February. This play will be presented by Mrs. Hollis' and Miss Little's pupils.

The high school pupils have almost reached the halfway mark in completion of their school annual. Camera addicts were scurrying around Friday to snap a "bit of snow" to go in the annual.

Mrs. Ernest Hill and Miss Nora Belle Hill visited the primary room Tuesday.

We are sorry that Ford Plemons cannot attend school on account of a rheumatic condition. But we are glad that he is up. He was seen at the ball game Tuesday on crutches.

Mother Branscum is still very ill. Mrs. G. K. Wilson and children are recovering from an attack of influenza. Mrs. Wilson's mother, Mrs. Turner, is with them.

Mr. and Mrs. E. E. Lawson and family have moved to Wichita Falls. The oil company has stationed Mr. Lawson in the KMA field. The school regrets losing Jackie and Harold.

Guests in the home of Mr. and Mrs. B. M. Brundage this week were her mother, Mrs. E. H. Dunlap, of Fort Worth, and her sister, Mrs. L. L. Hobbs, of Chicago.
